

LeftCoast Supper Clubs : Project Lead

ABOUT US: *LeftCoast is a Blackpool-based creative company with a vision to co-create artworks and projects that elevate local people's voices, explore, play, and make a difference on a personal and community level.*

The alchemy that comes from the collaborations between communities, artists and place defines our work as does our mission to be progressive, always high quality and socially useful (find out more www.leftcoast.org.uk).

WHAT: LeftCoast Supper Clubs happen every 6-8 weeks at different community spaces in Blackpool. They involve a bite to eat and a lively chat about what might happen in terms of art projects in that neighbourhood area.

To make sure this isn't a dry conversation, we have a compere to provide the fun and lead the evening. We also play a bespoke game or two to talk about all things arty-cultural and arrange some trips out to see new work.

WHEN: The next round of supper clubs will happen in June 2022 and who knows some may take place outside! There will be 6 events in total, from June through to November 22.

ABOUT YOU: We need a friendly, super-organised project lead to liaise with our community groups/partners to co-produce their Club night.

The Project Lead will jointly make decisions about the date, the venue, the compere and the activity. LeftCoast will be here to support your route to the people and resources you need to make a great event happen and to create the relevant communication assets.

This contract is for 15 days (inclusive of your attendance) at £150 per day. Fee is £2250 in total, starting mid-May 2022.

Send us a CV and an email saying why you are interested in this contract to info@leftcoast.org.uk by **26th April 2022**.
